## A TALE OF WEIRD LOVE

Danny and Shirley are a young couple with a problem: it seems that Danny can't rise to the occasion, and Shirley's running out of patience. The mysterious Madame Heles is a necromancer who has the solution to their boudoir blahs ... a hands-on approach involving her two lovely assistants, the house stud, and some very special rituals. Once it's all over, Danny may just find out he had a big talent for pleasing Shirley all along!
